

CNMC's Sokor Gold Project Produces 2,326.83 Ounces of Fine Silver On-Site in Malaysia

The board of directors (the "Board") of CNMC Goldmine Holdings Limited ("CNMC" or the "Company") wishes to announce that it has made a pour of 2,326.83 ounces of fine silver on-site in Malaysia at the Sokor Gold Project. This on-site production is in addition to the 58,335.38 ounces of silver produced in China from the mineral ores exported during the second and third quarter of this financial year, revenue of which had been duly recognized and reported in the respective quarters.

The focus at the Sokor mine site is now to increase gold production. The next phase of exploratory drilling has also commenced. This on-going exploratory drilling programme is expected to expand the resource and reserve potential at the Sokor Gold Project and any new reserve discovery will increase the production rate and/or extend the mine life of the project.
