PROFIT GUIDANCE FOR THE SIX MONTHS ENDED 30 JUNE 2023 (“1H2023”)

The Board of Directors (the “**Board**”) of CNMC Goldmine Holdings Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) wishes to announce that the Group is expecting a substantial increase in net profit for 1H2023, as compared to the net profit recorded during the corresponding period for the six months ended 30 June 2022 (“**1H2022**”).

The anticipated increase in profit for 1H2023, in comparison to 1H2022, is primarily attributable to the revenue generated from the sale of lead and zinc concentrate produced by the Group’s flotation plant in the Ulu Sokor concession, following relevant export permit being approved in mid-January 2023.

The foregoing is based on a preliminary review of the Group’s unaudited consolidated financial results for 1H2023. Details will be disclosed when the Company announces the Group’s results for 1H2023 on or before 14 August 2023.

The Board wishes to advise shareholders and investors to exercise caution when dealing in the shares of the Company. Persons in doubt as to the action they should take are advised to consult their stockbroker, bank manager, solicitor, accountant or other professional advisers before trading or making any investment decision in the shares of the Company.
