PROFIT GUIDANCE FOR HALF YEAR ENDED 30 JUNE 2024 (“1H2024”)

The Board of Directors (the “**Board**”) of CNMC Goldmine Holdings Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) wishes to announce that the Group anticipates a significant overall improvement in its unaudited net profit for 1H2024, as compared to the unaudited net profit for the corresponding period in 2023 (“**1H2023**”).

The improvement in unaudited net profit for 1H2024, in comparison to 1H2023, is primarily attributable to the increase of revenue generated from the sale of fine gold produced by the Group’s carbon-in-leach plant in the Ulu Sokor concession, resulting from an increase in both gold production and sales volume and the higher average realised gold price.

This profit guidance is based on a preliminary review of the Group’s unaudited consolidated financial results for 1H2024. Full details will be disclosed when the Company releases the Group’s unaudited consolidated financial results for 1H2024 on or before 14 August 2024.

The Board wishes to advise shareholders and investors to exercise caution when dealing in the shares of the Company. Persons in doubt as to the action they should take are advised to consult their stockbroker, bank manager, solicitor, accountant or other professional advisers before trading or making any investment decision in the shares of the Company.
